Volume 11

April, 2017

To our dear GP Partners,

We wish you all a vibrant fruitful 2017! It is our pleasure to inform you that since January our GP Events place has been busy accommodating weddings, anniversaries, birthdays and company gatherings. Being a GP homeowner, you are given priority and are privileged to use our facility at a discounted rate so please come to our office and book an early reservation for your special occasions. We have also added some new features at the Family Courtyard such as the Prosperity Steps, Connectivity Bridge, Bells of Joy, and Wedding at Cana, which have become favorite locations of newlyweds for the photo shoots.

Last February 12, 2017, we opened Café Lupe Verde operated by the owner of Gilligan's chain of restaurants. You should drop by this weekend and treat your family with a special buffet lunch or dinner at a surprisingly low price!

During the Holy Week, families attended a recollection, "Ang Hugot sa Mahal na Araw". They were deeply inspired and awed by the talks and sharing of resource speakers from Manila at the GP Events Place.

Bro. Francis Jonathan, a well-known speaker from CALAPP, imparted loads of wisdom and enlightenment as he talked about the role of the fathers in the family. It was followed by a moving talk from a mother, Sis. Nohmee Mendoza from PDCC, who pinched everyone's heart as she shared her life struggles as a mother.

The final day focused on the understanding of the modern youth as we dwelled on the topic "Ang Hugot mula sa Isang Anak" and Bro. Obet Cabrillas, a truly dynamic speaker from Bo Sanchez's community, Light of Jesus, through a powerful talk and witnessing, brought all the families to a beautiful experience of love and belongingness.

Fr. Rekto Hernandez, the parish priest of Our Lady of Guadalupe, lined up very meaningful activities every afternoon, as it started with the "Senakulo" attended by thousands of parishioners and guests from neighboring towns. The washing of the feet during Holy Thursday, the solemn procession of the Andas held at the spine road on the way to Jade Residences on Good Friday. It ended with a dramatic "Salubong" with beautiful fireworks as the crowd celebrated Easter.

Two day recollection at GP Events Place

We wish to remind you about our ongoing series of inspirational Bo Sanchez talks being shown every Thursday 5 p.m. at the conference room located at 2nd floor of Quezon Wholistic and Learning Center.

We will keep you posted as we have also lined up some other activities such as “Zumba” for your physical fitness, talks on how to grow organic, medicinal plants & herbs, duck raising and food preserving etc.

To add to your summer excitement is our biggest promo of the year! While, we believe this is the best time to start building and constructing your dream homes at Jade Residences...The GP management is launching our super special offer you cannot resist!

The first 10 homeowners who will start to build their homes from June-December 2017 will receive a Php50,000.00 cash they can use for landscape or backyard farming needs, etc... All because...we believe now is the time for us to build our green living community! Again, we wish you a happy, fruitful summer with your loved ones.
